

ADHESIF +

ADHESIVE SEALING TAPE COLORLESS

DESCRIPTION

ADHESIF+ is an adhesive sealing tape colourless with high adhesive strength.

ADHESIF+ is suitable for multiple applications and repairs.

Excellent sealing properties and strong adaptability.

Waterproof and weather resistant.

ADHESIF+ can be painted.

ADHESIF+ can be used indoor and outdoor.

- High adhesion (37.5 N/25mm)
- Adhesive: acrylic
- Resistance to temperatures between -20°C and +70°C

INSTRUCTIONS OF USE :

Clean the surface and let dry.

Apply the tape without touching the sticky size.

The ideal adhesive application temperature range is +15°C to +30°C.

It is necessary to provide pressure to allow the adhesive to come into direct contact with the substrate.

Keep out the protective film of the tape.

Ref. 346M
Roll 38 mm x 5 M

Shelf life : 5 years

Keep out of the reach of children. Reclose the packaging after each use.

Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.

Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
