

AQUASALE

SEA WATER BODY SHAMPOO

DESCRIPTION

AQUASALE is a vegetable-based shampoo with softening agents, preventing irritation and dryness of the skin which comes from washing frequently in sea water.

AQUASALE softens the skin and prevents dryness and desquamation.

AQUASALE uses substances selected for being harmless to the skin, and for being degradable.

AQUASALE leaves the skin soft with a pleasant smell of flowers.

AQUASALE removes salt deposits on the surface of the skin caused by sea spray, dried sea water, and grains of sand . . .
