

C.B. 14

CARBURETTOR CLEANER WITHOUT DISASSEMBLY

DESCRIPTION

C.B. 14 specially formulated preparation to replace the chlorinated halogen solvents and petroleum aromatic solvents creating risks for users and the environment.

C.B. 14 does not contain substances classed as c/m/r, toxic, harmful, corrosive or caustic.

C.B. 14 is a preparation based on a synergised association of oxygenated solvents.

C.B. 14 is a colourless and odourless cleaner.

C.B. 14 has high solvent power making it possible to rapidly dissolve and detach gum, dust, oil and varnish deposits.

With C.B. 14 oil and grease deposits can be emulsified and leave no grease film.

C.B. 14 dries completely.

C.B. 14 is non-corrosive vis à vis normal metals and light alloys.

TECHNICAL DATA :

Physical state : Liquid

Density : 942 g/l + ou - 20 g/l.

Color : colorless

INSTRUCTIONS OF USE :

- Remove the protective covers of parts to be cleaned.
- For the carburettor, remove the air filter and spray the interior of the collector of the carburettor.
- Leave to act.
- When dry return to use.

Ref. 981M - Aerosol 150ml

Shelf life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.
Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.
Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
