

ENZY WASH

CONCENTRATED ENZYMATIC SHAMPOO FOR HULL AND DECK

DESCRIPTION

ENZY WASH is a concentrated enzymatic shampoo for hull and deck : non-caustic and made of overactivated enzymes derived from biology.

Associated with a strong wetting and degreasing power, the biocatalyst effect of enzymes provides a **QUICK AND EFFECTIVE ACTION TO DEGRADE NATURALLY STAINS.**

Practically neutral pH thus no risk of corrosion of light alloys and other sensitive materials.

ENZY WASH does not leave any trace deposits, nor any marks on the paintwork or fiberglass.

ENZY WASH can be diluted in any proportion in either soft or salt water.

ENZY WASH: the biological solution which offers an eco-friendly cleaning.

TECHNICAL DATA :

Physical state : Liquid

Color : blue

Chemical reaction : neutral

Pur pH : +/- 7.50

Density : 1002 environ

Odor : Fresh scent.

INSTRUCTIONS OF USE :

Must be diluted before use : 100ml -150ml of shampoo for 5 litres of water.

Can be diluted in sea water too.

Apply with a sponge or a soft brush.

Let act 5 minutes.

Rub and rinse.

May be used for the daily care of the hull without risk of attack of the gelcoat or paint.

Ref. 329M - Bottle 1 litre
Ref. 329M.5 - Bottle 5 litres
Shelf life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.
Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.
Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
