

E.S.A.177

MULTIPURPOSE FOAMING CLEANER

DESCRIPTION

E.S.A.177 is a foaming cleaner and degreaser.

E.S.A.177 is especially designed for the cleaning of varnishes, polycarbonate and laminated surfaces.

E.S.A.177 is ready for use and its packing in aerosol allows fast interventions

E.S.A.177 can be used too on : stainless steel, chromium, ceramic, stone floor, woodwork, light alloys, aluminum surfaces

Its active foam allows:

- A perfect hanging on walls (even vertical) : does not flow even on vertical surfaces
- to penetrate and to solubilize stains.

E.S.A.177 allows to remove greasy stains, soapy residues, fingerprints, impacts of mosquitoes, traces of limestone etc.....

TECHNICAL DATA :

- Physical state : liquid.
- Density : 1010 +/-20 g/l.
- Chemical reaction : alkaline.
- pH : 10,98
- Superficial tension : 33,6 dynes / cm

INSTRUCTIONS OF USE :

Before use, well shake the aerosol.

Just spray on (bottom upwards and laterally for vertical surfaces).

Let act a few minutes.

Wipe with a damp sponge.

Ref. 954M - Aerosol 500ml

Shelf Life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.

Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.

Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
