

NETTINOX

STAINLESS STEEL CLEANER AND RUST REMOVER

DESCRIPTION

NETTINOX removes in one treatment rust spots on all stainless steel components: pulpits, stanchions, ladders, davits, fairleads, gangways etc...

Since it is a gel, it is easy to cover all surfaces, both horizontal and vertical.

NETTINOX is a triple-action rust remover

- Decarbonizes.
- Degreases.
- Protects.

After treatment the stainless steel is polished and shiny.

NETTINOX is perfect for treating difficult areas such as screw heads and the nooks and crannies of the bow davits.

NETTINOX, as a protective, prevents subsequent oxidization.

TECHNICAL DATA :

- | | |
|--------------------------------|-------------------------------------|
| - Physical state : Gel (jelly) | - Chemical reaction : Strongly acid |
| - Density : 1270 g/l +/- 20g/l | - Pur pH : approx. 0,5 |
| - Colour : Pink | |
