

SUN TECK

CONCENTRATED TEAK CLEANER STEP N°1

DESCRIPTION

SUN TECK is an alkaline-based cleaner especially developed to clean teak decks.

SUN TECK has been designed to remove slimy marks, oil stains which are harmful to the natural colour of teak.

SUN TECK cleans the teak, preparing it for **BRIGHT TECK**, which must be applied subsequently.

SUN TECK does not affect the caulking when rates of dilution and exposure times are respected.

TECHNICAL DATA :

- Physical state : liquid.
- Density : 1050 g/l +/- 20 g/l.
- Chemical reaction : alkaline
- pH : approx. 11,10
- Colour : Colourless
- Superficial tension : 35,1 dynes/cm

INSTRUCTIONS OF USE :

NEVER USE PUR.

Dilute 1 part product to 3 to 5 litres of water, depending on the level of staining.

First of all, wet the teak and the hull.

It is advised to do not work to direct sunlight in order to avoid black stains on gelcoat and paint.

Apply the solution evenly with a soft brush.

Leave for 10 to 15 minutes.

Do not rub teak.

Rinse abundantly with a water jet.

BRIGHT TECK, which is brightener for teak, must be applied subsequently.

Coverage for 1 litre of product : 5 to 7 m²

Ref. 476M - Bottle 1L
Ref. 476M.5 - Bottle 5L
Ref. 476M.10 - Bottle 10L
Shelf life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.
Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.
Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
