

SUPCLEAN

SOFT CLEANER FOR SKAI AND VINYL VEGETABLE-BASED

DESCRIPTION

SUPCLEAN is a vegetable based cleaner that enables you to bring back white colour to skai and vinyl without making them sticky.

SUPCLEAN removes dirt, mildew and grease stain from all kind of vinyl or skai.

SUPCLEAN keeps vinyl and skai soft.

SUPCLEAN does not streak, stain or discolour vinyl or skai.

SUPCLEAN does not contain silicone, or solvent.

SUPCLEAN is manufactured from ingredients chosen for their biodegradability and their compatibility with the environment.

TECHNICAL DATA :

- Physical aspect : Liquid.
- Colour : Green.
- Odour : Orange.
- Density : 1,02 +/-0,03
- Pure pH: 7

INSTRUCTIONS OF USE :

Use pure or diluted (dilution to 50%). Apply with a soft sponge. Rub. Then, rinse.

For a daily car, dilute **SUPCLEAN** at 50%

Note : Being free from solvent, **SUPCLEAN** does not attack protective film of the skai and vinyl and consequently you will not be able to remove with this product a stain impregnated for a very long time. In fact, this operation of "scouring" would require to remove protective film which would result in making the plastic sticky and facilitate the fixing of dirt.

Ref. 633M -Bottle 1 litre
Ref. 633M.5 -Bottle 5 litres

Shelf Life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.

Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.

Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
