

T.S.4

CONCENTRATED DEGREASER FOR WATER TANK

DESCRIPTION

T.S.4 is a concentrated degreaser elaborated with surfactants in conformity with the European Standard 648/2004 and the directive 2003/53 EC (NPE-free).

T.S.4 makes it possible to remove sludge inside the tank bottom.

T.S.4 is a non-foaming product which components are authorized by the French Decree of the 9/8/1999 relating to surfaces cleaners and objects which can be in contact with foodstuffs and drinks.

T.S.4 does not leave any deposit and nor traces on cleaned surfaces.

T.S.4 can be used for the cleaning of plastic, stainless and aluminium tanks.

T.S.4 is not a corrosive product in the advised dilutions of use.

TECHNICAL DATA :

- Physical state : Liquid
- Density : 1055 g/l. +/- 20g/l
- Chemical reaction : Alkaline.
- pH in solution at 5% : +/- 11.80
- Colour : Colourless

INSTRUCTIONS OF USE :

T.S.4 must always be diluted before use.

Advised dilution is 1 volume of **T.S.4** for 3 to 5 volumes of water.

In the case of important deposit, advised dilution is 1 volume of **T.S.4** for 2 to 3 volumes of water.

It is important to cover sludge with the solution.

Let act the solution in the tank approximately 1 hour.

If it is possible, brush the walls.

Then, add 20 litres of water and drain by leaving open the taps.

Finish by rinsing the tank with clear water.

Ref. 272M – 1L
Ref. 272M.5 – 5L
Shelf life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.
Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.
Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
