

W.C. LUB

LUBRICANT FOR W.C. PUMPS OIL 100% NATURAL

DESCRIPTION

W.C. LUB lubricates surfaces and internal mechanical parts of WC pumps (piston, guide, rubber, gate valve, etc.).

W.C. LUB cleans and protects surfaces against attacks from saline deposits.

W.C. LUB reduces the risks of blockage and of deterioration of the rubbers and seals during frequent use and during over wintering.

TECHNICAL DATA :

- . Physical state : Slightly viscous fluid
- . Chemical reaction : Neutral.
- . Density : 850 g/l + 20 g/l.
- . Color : slightly yellow.
- . Viscosity brookfield : 130 Centipoises mobile 2, speed 100 rpm with 17°C

INSTRUCTIONS OF USE :

Pour the contents of the bottle in the toilet bowl using the pump.

Stir the pump to ensure even spread and leave to work, preferably overnight or, if you are over wintering your boat, throughout the over wintering.

Ref. 992M
Aerosol 125 ml

Shelf life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.
Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.
Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattchem.fr.
